7" Touch Screen Monitor Colour White 2-Wire

## > Advanced functions and touchscreen monitor

Thanks to a large, ultra high definition 7" LCD colour display, the world outside presents a more vivid and inviting picture than ever. And the image of whoever happens to be ringing the bell is perfect too, down to the smallest detail.

Ultra high resolution.

The LCD TFT colour screen offers a magnificently large and well-defined image: 7" with 1024x600 pixel resolution.

**18 mm**  
Slim profile.  
The monitor with wall installation bracket protrudes only 1.8 cm.

Choose the menu language.

The advanced touchscreen menu is configurable in different languages (Italian, English, French, Spanish, German, Greek, Portuguese or Dutch).

Record who calls you.

You can automatically or manually capture images of the caller at the entrance panel. Adding a micro SD memory allows you to capture up to 1000 images or 128 videos, which you can browse at your leisure.

Identify callers before answering.

The monitor ringtone for calls from the 2 entrance panels and intercom calls can be differentiated by selecting from 6 different melodies.

Don't want to be disturbed?

The monitor ringtone can also be turned off for a programmable time. A light indicates when the "Do not disturb" function is activated.

## > Monitor with capacitive keypad

Open the pedestrian or automatic gate.

The lock on a pedestrian gate/door and automatic gate can be activated using a timed command.

Intercom calls.

From any monitor it is possible to call and communicate with other monitors connected to the system.

Wide field of vision.

All cameras connected to the system, including panel cameras and outdoor cameras, can be selected cyclically from the monitor.

Everything under control.

At any time, you can adjust the call ringtone volume, talk/listen volume and display brightness, contrast and colour, even during a conversation.

All functions at your fingertips.

Control over all video entryphone system functions and settings is immediate, thanks to a particularly intuitive scrolling menu. In addition, all alerts are delivered by way of a similarly clear and uncluttered graphic interface.

Easy installation.

Monitors are supplied as standard with a bracket for fixing directly to the wall or on a rectangular 3-module flush mounting box.

With a 7" high-definition LCD colour display and capacitive keypad, all the video entryphone system functions are at your fingertips.

High resolution.

The LCD TFT colour screen offers a magnificently large image: 7" with 800x420 pixel resolution.

Choose the melody.

The ringtone, which are different for panel calls and intercom calls, are selectable from 6 different melodies.
